

WHAT'S NEW IN YOUTH SERVICES

New Kids Corner

The Oak Lawn Public Library has an all-new Kids Corner. Highlighted by colorful murals from children's author and illustrator Kevin Luthardt, this spacious area offers plenty of outlets for creative play. Younger children will delight in the sensory wall allowing them to experience various textures, movements, and sounds. Others will love the blocks, puzzles, trains, and play kitchen. And our comfortable seating is the perfect place for caregivers and children to share some of our latest picture books.

New in Programming

Youth Services offers several new programs, including Baby Time, Toddler Art and Preschool Art, and game design for middle school students. Ongoing favorites include Science Club (formerly STEM), Chess Club, and story times for a variety of ages. In addition, registration is now available in person, online, or by phone, up to 10 days before each session. Have your child's library card ready and check out our schedule on the website calendar.
